ACCESSORIES

KART RAIN SUIT

- Constructed with light, 100% waterproof & breathable materials
- Clear colour for visibility of the race suit
- Taped seams to prevent water entry
- Heavy duty, textiles sleeve panel for resistance against heat from the kart's engine
- High profile collar provides a complete seal against the elements
- Precise fit minimizes flapping at high speeds

bottom back side

SEQUENCE YOUTH NECK ROLL

- Designed to transfer energy impact away from the upper neck
- New hybrid neck protection with extended tail for high position stability
- Double density core is made from a soft PU foam base embedding a hard layer EVA for energy dissipation
- Easy to use soft strap closure on the front part

SIZE	AGE*	IKD PART #
S/M	6-10	ASNBSQ1
L/XL	10-14	ASNBSQ2

back side

YOUTH NECK SUPPORT

- Easy to use and lightweight neck protection
- Frame construction dissipates energy loads that compresses the neck by transmitting them across the back
- Reduces the chance of muscular injuries from extreme head movement
- Minimizes the risk of collateral injuries
- Flexible back connector between the left and the right frames allows the neck support to follow the body movement when racing

SIZE	AGE*	IKD PART #
one-size	8-14	ASNBYNS

BIONIC RIB SUPPORT

A high-performance, lightweight, ergonomically constructed guard for the ribs and kidneys, the Bionic Rib Support incorporates intelligent adjustment features to offer kart drivers a supremely comfortable, customized and supporting fit.

- Dual-density, ergonomically shaped protectors with fiberglass core and robust PE hardshell outer for excellent impact and shock dispersion
- Double density core is made from a soft PU foam base embedding a hard layer EVA for energy dissipation
- Fully adjustable front strap with a D-Ring closure
